Any office or individual wishing to order more copies of the Campus Map for the current academic year should contact the College Relations Office (A-196) before October 1. A large supply will be printed, rather than a series of small orders, to save time in the Duplicating Center. 2 1/2

TO BENEFIT NEARLY
160 STUDENTS

This year 160 full-time students will be provided more than \$162,000 in aid funds by the College, according to Doyle J. Stansel, Director of Placement and Financial Aid.

Nearly 15 per cent of the full-time enrollment will receive help from the programs supported by the federal and state agencies as well as individuals and organizations in the community. An estimated 100 additional students will receive federally insured bank loans averaging \$800 each.

All of the aid funds administered by the College for the current year have been allocated except for a limited amount reserved for emergency situations.
